The marriage of Miss Mildred Newell, daughter of Mr. and Mrs. John C. Newell of Norton, and Mr. Robert Hill of Leigh, Okla., son of Rev. and Mrs. David B. Kerr of Philadelphia, Pa., took place at 6 o'clock last evening at the home of Mr. Kerr's sister, Mrs. David Page, and Mr. Page, 801 Lawrence, United States, the bride and bridegroom stood in the living room before a bank of palms and hydrangeas, where the Rev. David R. Kerr read the ceremony. The dining room was used to decorate the dining room and bunches of sweet peas were tied with pink ribbons to the tiny cake boxes.

The bride was charming in her traveling suit of blue corded silk. She carried a shower bouquet of lilies of the valley and pink roses.

Mrs. Kerr attended Washburn college where she was a popular member of the Beta sorority. She has a brother, Mr. Ralph Newell, who is a physician in Washburn, Minn., and a sister, Mrs. E. J. Newell, who is a teacher in the same school.

Mr. Kerr received his college education at Westminster college, Fulton, Mo., where he was a member of the Phi Delta Theta fraternity. While in Topeka he lived at the Platt Delt house and was affiliated with the chapter here.

The Trenton Times of Trenton, N. J., has the following announcement which will be of interest to Topeka people. Lieutenant Ryder is a son of Dr. and Mrs. L. A. Ryder of 824 Quincy street:

"Captain and Mrs. Henry Pratt Perrine of Greenwood avenue announced yesterday at their summer home at Oak Bluffs, Martha's Vineyard, Mass., the engagement of their elder daughter, Miss L. G. Quinby, to Lieutenant Charles Wolcott Ryder, U. S. Army, a graduate of the United States military academy, West Point, class of 1915.

"Miss Perrine, a debutante of three years ago, is very well known socially in this city and has been the recipient of much attention since her presentation to society. She is the granddaughter of the late Maj. Gen. Lewis Perrine, for thirty-five years and until his death, quartermaster-general of New Jersey, and of the late Hon. Edward Scudder, for thirty years justice of the supreme court of the state of New Jersey, both men of prominence and distinction. Dr. Ryder is a well known physician of his home city and is president of the Kansas state board of medical registration and examination, and an eminent member of the profession."

Mrs. J. G. Strickler will give an informal supper and sleep-a-porch party tonight at her home on Harrison street, for her niece, Miss Ruth Wallace of Philadelphia, Pa.

Miss Corinne Ripley will entertain her sewing club Wednesday afternoon at her home on Club avenue.

There was great deal of discussion at a party very long ago as to whether or not a certain Topeka girl is good looking.

One girl said: "She is very good looking because she has decidedly fine coloring, well put on."

A young matron replied: "She is not good looking because she does not have a good face at all."

Some one else said: "She is good looking because everyone turns and looks at her on the street. If they did not consider her good looking would they spend so much time looking at her?"

Which shows the elasticity of the expression: "Good looking."

Mrs. C. W. Radcliffe will entertain the J. O. D. club August 11 instead of August 4, as was formerly announced, at her home, 306 Elmwood, Potwin.

Great Apple Crop.

Bloomington, Ill., Aug. 3.—Reports received from every county in the state by A. M. Augustine, secretary of the Illinois horticultural society, indicate the apple crop this year will be five times as large as that of last year, pears will reach one-third of an average crop, peaches are virtually a failure north of Centralia. Plums and grapes will reach an average yield.

Says Osteopathy Increases.

Portland, Ore., Aug. 3.—In his annual address today C. A. Upton, of St. Paul, president of the American osteopathic association, pointed out the growth of the osteopathic school of healing. More than 7,000 physicians are practicing osteopathic healing, he said, and the number is increasing rapidly. He also called attention to the fact that legislative recognition has now been obtained for osteopathy in every state in the union.

Discolored or Spotty Skin Easily Peeled Off

The freckling, discoloring or roughening to which most skins are subject at this season, may readily be gotten rid of. Mercolized wax, spread lightly over the face before retiring and removed in the morning with soap and water, completely peels off the disfigured skin. Get an ounce of the wax at any druggist's. There's no more effective way of banishing tan, freckles or other cutaneous defects. Little skin particles come off each day, so the process itself doesn't even temporarily mar the complexion, and one soon acquires a brand new, spotless, girlishly beautiful face.

Wrinkles caused by weather, worry or illness, are best treated by a single solution of powdered saxolite, 1 oz., dissolved in 1/2 pint witch hazel. Bathing the face in this produces a truly marvelous transformation.—Adv.
